Teqball is a new revolutionary sports, which is perfectly suitable for professional athletes as well as amateur enthusiasts whose ambition is to develop their technical skills, concentration and stamina. **However, it is also best for family fun, after work or weekend hangouts with friends, can be utilized as a team building tool or for social community leisure activities.**

The soul of Teqball is the table. This equipment that took over two years' of testing and research to eventually develop its final innovative and sophisticated shape. The net is solid and thus the ball bounces back from it, so this way the concept of uninterrupted games is no longer a dream. The structure of Teqball table, aligned with the rules, does not allow luck or chance to interfere with the game; players can only rely on their skills and abilities.
